

Session Highlights - March 22, 2010

The March 22 Session meeting began with "word, share, prayer" led by the Diaconate. The Diaconate followed up with a discussion of the many caring activities sponsored and coordinated by the Deacons.

Rev. Russell Jonas led a learning module designed to assist groups in the implementation of Team-based ministries.

Significant items discussed and voted on included:

- Approved a recommendation of the Staff Committee that PHPC undertake a search for Pastoral Resident. The position is to be funded by the Lilly Foundation.
- Approved the recommendation of the Capital Vision Team that PHPC begin a detailed examination of mission and building needs. It was specifically stated that the mission component of any capital campaign would at least equal the building component. The estimated \$50,000 cost for professional assistance will be funded from an endowment specifically designated for building needs.

These are highlights, not the actual minutes. Active members may review the actual minutes by contacting the Clerk of Session or the Executive Associate Pastor.
