

The Columbarium of
Preston Hollow Preston Presbyterian Church
9800 Preston Road
Dallas, Texas 75230

Dear Preston Hollow Members,

We are enclosing a sampling of reputable funeral homes in the Dallas area that you may wish to use in selecting a crematory for you and your family. We recognize that it is important that you be personally comfortable with the funeral home you will deal with at the time of a death in your family. After you have studied the list and narrowed your focus, we suggest that you arrange to visit those funeral homes you have selected before making a final decision. You are strongly encouraged to *pre-arrange* the cremation and related services you desire, but *not pre-pay* so that you maintain your flexibility.

You should understand that *certain services are included* in the basic prices quoted by *all* the funeral homes on the enclosed list. These include:

- 1) Direct Cremation (by definition, cremation of the remains without viewing or services)
- 2) Basic Services of the Funeral Home Staff
- 3) Transfer of Remains from Place of Death (assuming death occurs within the Dallas area)
- 4) Transfer of Cremains to Funeral Home

All funeral homes provide Death Certificates at the price established by the State of Texas: \$21.00 for the first certificate, \$4.00 for each additional certificate. This cost is *in addition to other charges*. Your needs determine how many certificates you request.

While funeral homes will assist with *preparation and submission* of obituaries at no or nominal cost, the family bears the cost of *publishing* the obituary. **You should be aware that rates for obituaries in the *Dallas Morning News* are quite expensive.**

There are other services which are necessary to the cremation process, but which *may or may not be included* in the basic prices. On the list you will learn whether the following services are included, and if not, what the cost is:

- 1) Refrigeration - Applicable when the remains are being held at the funeral home and cremation is delayed for any reason, i.e. obtaining the death certificate (usually two days maximum).
- 2) Alternative Cremation Container - Since the casket will not be viewed, an inexpensive combustible container is suitable for cremation.
- 3) Urn for Cremains - The urn provided by the PHPC Columbarium at no extra cost *must be used for inurnment*. Any other urn or temporary container would be used only for transfer of the cremains from the crematory.
- 4) Cremation Permit – A set fee of \$25.00 for residents of Dallas and Collin counties, \$20.00 for Tarrant county, which may or may not be included in the basic price. (No fee for Denton county residents.)

While most funeral homes in Dallas are now owned by two corporations, Service Corporation International (SCI) in Houston or Stewart Enterprises (SE) in New Orleans, some on the list are independently owned.

We appreciate your interest in the Columbarium, and hope that this information is helpful to you.

For the Columbarium Committee,

Chairman

SAMPLING OF FUNERAL HOMES WITH CREMATION SERVICES

In the Dallas Area as of September 8, 2011

Prepared for use by Owners of PHPC Columbarium Niche Rights

Important Notes

- **Read the accompanying letter before using this list.**
- This is not a complete list of every funeral home in the Dallas area with cremation services, but it does represent a good sampling. Each funeral home supplied the data given on the date above, but the Columbarium Committee cannot guarantee the information or prices.
- A copy of your funeral home pre-arrangements may be given to the minister at PHPC when you pre-plan your memorial service(s), and kept on file at the church.
